All the Unicenter TNG™ you can eat.
 And we'll serve it up with our PILOTCenter™ hosted solution.

It's a fact. CENTER7 delivers the world's tastiest enterprise management solution as a hosted service in a matter of weeks. Which means you can manage your systems and network because we implement robust and secure monitoring and management of every critical ingredient of your IT infrastructure. Our recipe includes implementing our hardware at your site for no up-front cost. Just a predictable monthly service fee. It's the new, proven approach to managing enterprise management.

PILOTCenter™ hits your plate hot, with pre-built policy and management down to the application layer. Our solution includes software, maintenance, an integrated help desk, and ongoing system administration. We even provide you with a Service Level Agreement that guarantees uptime.

Rest assured, this is no pie-in-the-sky offer. It includes the Unicenter TNG base and all the Unicenter options, such as Advanced Help Desk, Asset Management, Software Delivery, a trusted security tools, and more. And remember, it's all you can eat. Our solution scales to the largest enterprises, with global distribution.

Let's face it. Enterprise management was never this appetizing. And CENTER7 does it faster, cheaper, and better than anyone on the planet. For more information on how we can serve up a new level of control and availability in your IT kitchen, please call 1-800-404-8750 and ask for one of our sales professionals. Call today.
